DETAILED ACTION

Information Disclosure Statement

1. The IDS filed on 9-24-2003 has been accepted and signed by the examiner.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 2, and 3 are rejected under 35 U.S.C. 102(b) as being anticipated by Numakura et al. (U.S. Patent 5,841,897).

Regarding claim 1:

Numakura discloses a method of nonlinear calibration of halftone screen (Col. 2, Lines 1-24), comprising: (a) generating an original halftone screen table (fig. 1); (b) setting a plurality of function parameters and apply to a gamma function (Col. 7-8, Lines 37-40); (c) recalculating the gray levels of the original halftone screen table to generate a new halftone screen table by the gamma function (Col. 7-8, Lines 37-40), and (d) generating a printout with the new halftone screen table and measuring the optical density of the printout (fig. 4, unit 5, 18, Col. 9, Lines 32-67).

Regarding claim 2, Numakura discloses for printer apparatus (abstract);

Regarding claim 3, Numakura discloses for mono mode printing (Col. 21, Lines 21-39).

Claim Objections

3. Claim 4 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all the limitation of the base claim and any intervening claims.

The following is an examiner's statement of reasons for allowance: prior art fail to teach the original halftone screen table is a cluster-dot-order (AM) halftone screen table.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
